EVERGREEN
REFRIGERATION TRADING & SERVICES L.L.C

Business Profile

One Stop Solution for Refrigeration
And Air Conditioning Services

Business is crafted by
expert professionals.

EVERGREEN REFRIGERATION TRADING & AIR-CONDITION SERVICES

The one stop solutions for Refrigeration and Air Conditioning Services. We specialize in the design, engineering and commissioning of all commercial and industrial refrigeration products in the Qatar for the past 30 years. We undertake industrial and commercial refrigeration projects as well as provide Air Conditioning Services also to the industry. We are well equipped to serve the Qatar industry with modern and reliable Refrigeration & Air-conditioning products and services.

Summary of services

Commercial Refrigeration and Air conditioning

.....

One stop solutions for Cold Room installation and maintenance

.....

Professionally designed HVACR systems for Supermarkets

.....

Industrial refrigeration systems with turnkey support.

.....

Supply, Delivery and installation of Display units of Carrier/Costan/Pastorfrifer/Diktas

.....

Supply, Installation and Maintenance of Air conditioning equipments

.....

Vision & Mission

To be the best and preferred choice of all air conditioning and refrigeration equipment supplies, installation, maintenance, parts and high tech quality services in Qatar market

Complete & Sustainable Refrigeration Solutions

Values

- Collaboration
- Creative Diversity
- Innovation
- Integrity
- Exemplary Service
- Honesty

Evergreen Refrigeration Trading & Services has a fully dedicated service department to ensure customer's peace of mind for all after sales service needed. Our maintenance programs include regular minor service as well as one major service visit per year.

Evergreen, which has been established to provide services to Refrigeration and Air conditioning sector, aims to provide better service and better quality professional solutions.

With our experience, we have successfully delivered many projects in the field of Refrigeration and Cold Room Depots and offer professional service to you with our valued customers.

We are at your service with our experienced team from the discovery process to the installation and application process for your cooling and cold room projects.

Cooling units and cold chamber storage, which are integral parts of the food sector, play an important role in keeping all the products, freezing and dissolving.

You eat fresh and nutritious foods with a high nutritional value and we will make sure that all food stays fresh with optimum values.

Our Products

Our Products from all over the world

Product List Categories

Chiller cabinets

Manufacturers: Carrier, Diktas (Turkey), Pastorfrigor, Costan. Etc.

Condensing Units

Manufacturers: Bitzer (Germany), Dorin (Italy), Copland (USA). Etc.

Cold Room Panels

Manufacturers : Izopanel, Paneks (Made in Turkey-B1 certified). Etc.

Freezer cabinets

Manufacturers: Carrier, Diktas (Turkey), Pastorfrigor, Costan. Etc.

Evaporators

Manufacturers: Guntner (Europe), LUVI (Italy). Etc.

Piping Materials

Manufacturers : Muller, Toteline, Etc.

Island Freezers

Manufacturers: Carrier, Diktas (Turkey), Pastorfrigor, Costan. Etc.

Condensers

Manufacturers: Guntner Europe, LUVI (Italy). Etc.

Air condition Equipments

Manufacturers: Carrier, Toshiba, Blue star, Etc.

Display Cabinets

Our Products Descriptions

Products Range:

Serve-over counters

Multideck wall cabinets

Glass Door cabinets

Vertical bottle coolers

Vertical frozen product cabinets

Island Deepfreezers

Manufacturers:

Carrier

PastorFrigor

Coston

Diktas

Criocabin

Product Descriptions:

Remarkable straight glass counters with great visibility. Solid performance and many functional options make the President straight glass remote serveover counter the unmistakable choice for your fresh food sales.

Efficient and reliable low front plug-in multideck. A concept for efficient chilled and frozen display for the convenience store the cabinet range conveys line-ups that maximise product flexibility and design. Ultra low front plug-in delivering outstanding performance. Trusted wide island for sales of frozen food . Great vision and capacity for high volume frozen food sales the Sardegna has a wide footprint and deep glazing for the perfect display.

Coldroom Panels

Our Products Descriptions

Products Range:

Flat Sandwich panels
Corrugated Sandwich panels
Floor panels
Corner panels
Hinged Doors
Sliding Doors
Service bar doors

Manufacturers:

Izopanel
Paneks Panel
Termokon
Kibar Industry

Product Description:

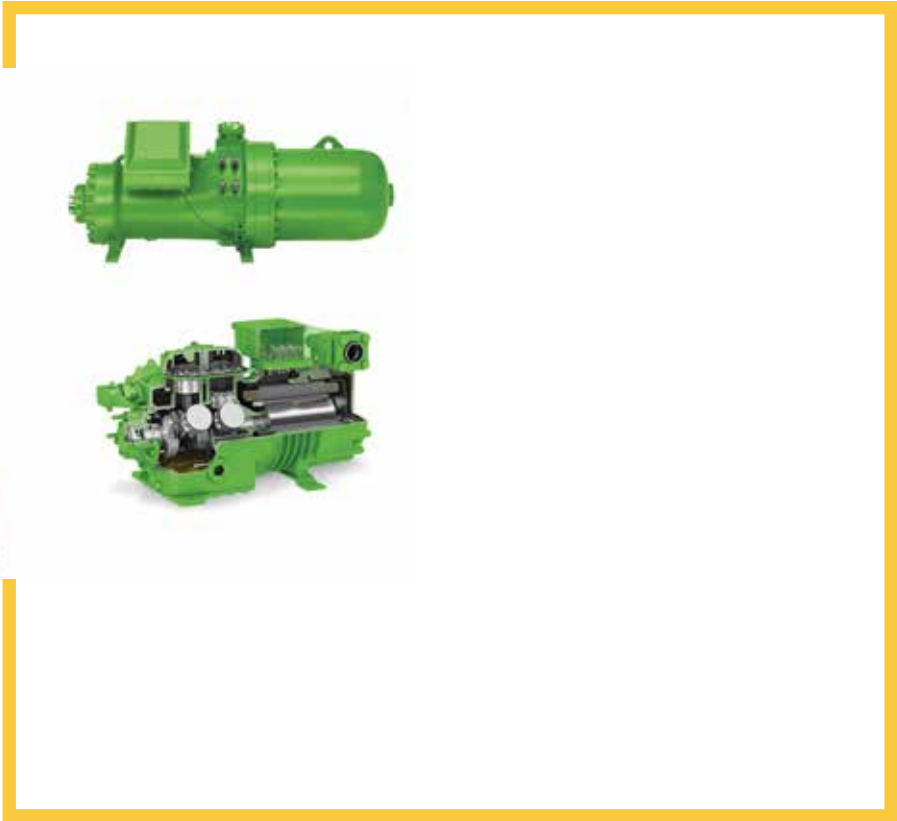

Insulation and optimum value units at a++ level, which we produce with high technology equivalent to world standards and with our professional assembly team in many projects and applications for corporate brands heat balance of all food products can be maintained for a Cold room storage in accordance with the use of 7 different thick corrugated sandwich panels in our facility. Cold room storage duct and flat sandwich panel production lock system starts at 80 mm.

Technical specifications;

Ceiling and wall panels are manufactured by injecting 42(-2) dansite polyurethane between two sheets of galvanized coated polyester painted and trapezoidal. Panel surface material is not limited to polyester but can optionally be PVC, Crni, Platisol and galvanized sheet metal. The wall panels are made with special ear and prevent the bridge from being formed as it does not converge with the ceiling panel. The lock system starts at 80 mm.

Machines

Our Products Descriptions

Products Range:
Reciprocating Compressors
Screw Compressors
Scroll Compressors
Transport Compressors
Pressure Vessels

Manufacturers:
Bitzer
Dorin
Copland

Products Description:

BITZER, DORIN, COPLAND compressors in the field of commercial refrigeration allow for fresh produce all year round, regardless of the temperature outside. Only when cooling chains function with absolute reliability do the quality and shelf life of food not decline. BITZER products help to ensure that temperature-sensitive goods reach the end customer with the highest possible level of quality. products are renowned for their

efficiency, operating reliability and low life cycle costs in numerous industrial refrigeration applications. For example, refrigeration compressors from BITZER are used in low-temperature storage at chain stores, help to flash-freeze foods and make it possible to manufacture and store essential medication.

Evaporator Units

Our Products Descriptions

Products Range:

Manufacturers:

Guntner

LUVI

Products Description:

Evaporator Units provides products for cooling foodstuffs, which are precisely harmonized with this area of application.

A draught-reduced working climate with low sound emissions provided by quiet fans is extremely important in cold storage rooms that people work in. Güntner has developed a cooler especially for this purpose: the GBK Processing Room Evaporator. Hygiene requirements also play a big

role in food processing.

Units that can be quickly cleaned with hinged trays and large condensation water drains, which are HACCP and Eurovent-certified. Fail-safe fans and corrosion-resistant materials round off the product quality..

Condensers

Our Products Descriptions

Products Range:

Manufacturers:

Carrier

LUVI

Guntner

- Evaporators with high-performance fans ensure optimum cold air distribution in the room.
- Standard fans with external pressure between 50 and 100 Pa
- Special fans with higher pressure are available
- Fast ice build-up is prevented with stepped fin spacing.

Special requirements for temperature, air humidity and airflow routing emerge with the cooling of sensitive, unpacked goods. Güntner has developed the GHN wall/ceiling-mounted

evaporator and the DHN ceiling-mounted evaporator (S-DHN banana cooler, S-GHN fruit/vegetable cooler) especially for these applications.

Maximum room usage is very important with the storage of packed goods. Warehousing and removal intervals and therefore heat and moisture entries into the cold storage room must also be taken into account here.

Highly efficient Güntner coolers are used so that cold air also reaches every nook and cranny of the cold storage room.

Air-Condition Equipments

Our Products Descriptions

Manufacturers:

Carrier

Toshiba

Media

SKM

Products Descriptions:

Air conditioners cool the indoor air to keep you and your family comfortable. Carrier Infinity series central air conditioner with Greenspeed® intelligence offers refined cooling, steady comfort, uncompromising energy efficiency and exceedingly quiet cooling performance. If there's an air of superiority to these units, it's because they're the quietest, most efficient AC units we make. Built for total home comfort, our Infinity series central air conditioners offer an enviable SEER rating of up to 21. Combine it with our innovative Infinity® control for our highest degree of comfort management.

Copper Materials

Our Products Descriptions

Products Range:

- Type K Copper pipes
- Type L Copper pipes
- Type M Copper pipes
- Type DWG piping

Manufacturers:

- Muller
- Totaline

Copper Materials:

Brass Copper

Purple Copper

Beryllium Bronze
